

PortaAIM

NEW!

PortaOne

The AI Billing Platform for Revenue Management

Monetize AI services effortlessly with flexible pricing models, automated billing, and real-time cost optimization.

PortaAIM – Built for AI Revenue Management

AI Monetization Made Easy

Optimize revenue with custom plans and flexible pricing strategies.

Real-Time Cost & Revenue Tracking

Monitor AI service costs and profitability instantly with transparent analytics.

Automated Billing & Compliance

Eliminate manual errors and ensure accurate, hassle-free service monetization.

Seamless API & SaaS Integration

Easily connect AI billing with your existing SaaS and platform infrastructure.

PortaAIM is a fully automated AI monetization platform that enables recurring and usage-based billing, cost tracking, and revenue assurance with zero manual effort.

Unlock New AI Pricing Models

Innovate with flexible AI pricing plans tailored to your customers' needs.

Tiered Hybrid Models

Combine a base subscription with usage credits and pay-per-use AI services.

Outcome-Based Pricing

Charge based on AI-generated value, such as percentage of successful AI-assisted sale.

Seasonal & Volume Discounts

Reward loyal customers and incentivize off-peak usage.

Freemium Models

Offer free basic AI features with fair usage enforcement and premium upgrades.

Reseller Pricing

Enable additional white-label partners with customized pricing structures.

Flexible Free Usage Quotas

Set usage limits with fair usage enforcement, such as free voice minutes or tokens.

How it works

1 Set Up & Configure

Define products, subscription plans, billing models, and reseller settings to match your business needs.

2 Authorize & Track Usage

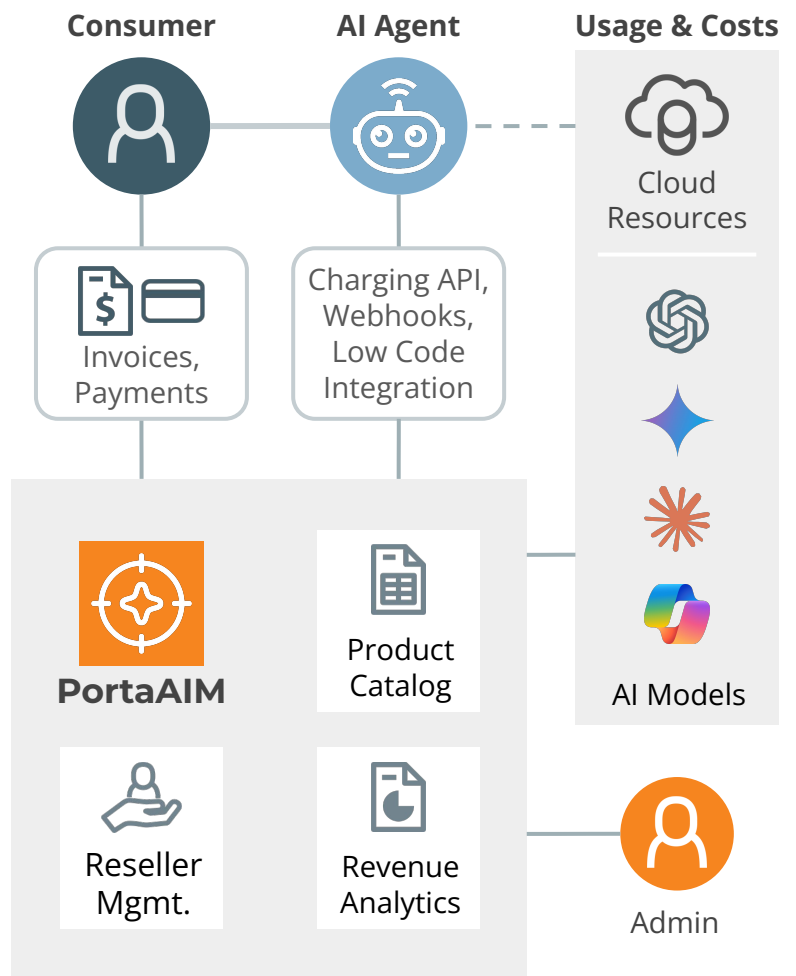

Use simple API to consult PortaAIM to authorize customers to access the AI agent, and then to log the service consumption.

3 Automate Billing

Costs are tracked in real time, overages are managed, and then invoices are generated and credit cards are auto-charged.

4 Optimize Profitability

Admins monitor revenue streams, adjust pricing strategies, and ensure maximum profitability with real-time cost analytics.

Proven Expertise in Real-Time Billing

With 20+ years in telecom charging, we've solved complex real-time billing challenges at scale. Now, we bring that expertise to AI, ensuring precise, scalable monetization.

Maximize Revenue, Minimize Effort

Unlock flexible pricing models that encourage higher spending, from pay-per-use to premium upsells, while automating revenue collection.

Billing That Scales with You

Ditch manual invoicing and let PortaAIM handle real-time cost tracking, automated billing, and smart business models – no more revenue leakage or billing headaches.

Easy Setup, Seamless Integration

A low-code solution that works with your existing tools, so you can focus on growing your business instead of managing spreadsheets.
